Purpose

This file documents third-party components used by this project and provides their license texts (for thesis submission packages / archives).

Important:

- This project is “all rights reserved” as a thesis artifact (see docs/LICENSE.md).
- Third-party OSS remains under its own license terms and is NOT re-licensed by this project.

Key third-party projects (most relevant)

Additional dependencies

This project also depends on many libraries declared in `package.json` (Next.js, React, Prisma, pg, zod, etc.).

If you need a full dependency/license list contact the author.

Currently not needed since this project is not openly published.
